Dogwood Dash Course Map

Map Key

-  5K Route (first half)
-  5K Route (second half)
-  Restrooms
-  Picnic Shelter
-  Trail System
-  Internal Road & Parking Lots

PARTICIPANT NOTES:

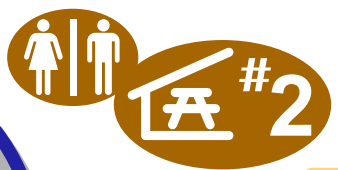

This race features "chip timing". Each participant's time is tracked individually, from the moment they personally cross the start line until they cross the finish line. Rushing or crowding the start gate is not necessary.

Participants who registered as a "walker" should allow the runners to start the course first. Also, walkers must walk the entire distance - no running, even for short bursts.

Join us after the race at the registration area for awards, refreshments, and participant door prizes.

2-Way Traffic:
Red = From Start
Blue = To Finish

U-Turn Around Last Cone

Straight Down HALF Of This Lot

U-Turn Around Median Garden

Zigzag One Lot To Other
